Bus Tour to Kansai Well-Being Co-Creation Clusters

Monday, June 23, 2025,
11:45 a.m. - 5:00 p.m.

Prior to Japan Health (June 25-27 at INTEX Osaka), exhibitors and participants of Japan Health are invited to visit the co-creation cluster for health and wellbeing in Kansai. This will be a great opportunity to experience Japan's advanced healthcare technology, co-creation environment, and culture, and to create future business opportunities and connections for both the tour participants and the co-creation clusters. Two routes are available: one to Kobe Biomedical Innovation Cluster(KBIC) and the other to Keihanna Science City. We look forward to your participation!
